PREVENTION

Each year, more than 30,000 people in the U.S. die by suicide, making it the 11th leading cause of death in the country. While statistics often sound cold and mathematical, we quote these only to remind you that as a survivor, you are not alone. Each of these 30,000 people leaves behind a wake of loved ones just like you, struggling to make sense out of a terrible tragedy. Struggling with feelings of guilt, anger, unspeakable pain and unnecessary shame.

November 18th, 2006 is National Survivors of Suicide Day. On that day, survivors from all over the country will come together in an effort to comfort, support, heal and inform.

Please join the Louisville Suicide Prevention Coalition for the AFSP's National Survivors of Suicide Day live national broadcast. This event is sponsored by Jewish Hospital and will be held at the Jewish Hospital Rudd Heart and Lung Center. (map on back) The day begins at 9:00 am, lunch is provided, after the webcast we will have a personal memorial service and adjourn by 3:00.

Event is free, but prior registration is necessary
as attendance is limited and meals must be prepared
